

Clover Nook Farm

Family Owned Since 1765

Clover Nook Farm is an 8th generation family owned fresh market produce operation, with roots dating back to 1765. We are located in Bethany, CT, and are one of the oldest operating farms in the state.

Our main objective is to promote sustainable agriculture while providing the community with fresh fruit, vegetables, and other agricultural products. Our produce is handpicked daily and is available at our roadside stand located right at the farm.

“If you eat, you are involved in agriculture”
-Orion Samuelson

Information Brochure

What is Community Supported Agriculture?

CSA programs began as a response to the present disconnection between people and their food source. It is the objective of a CSA program to alleviate this issue by having CSA members actually see how their food is produced, meet the people who grow it, and participate in events at the farm.
